

PPL Electric Utilities Residential Energy Efficiency Program

Energy-efficient products can increase the comfort of your home while helping you save energy and money. We offer rebates to help customers save money and upgrade to the latest energy-efficient equipment. To apply for one of our rebates, visit ppllectric.com/howtoapply.

Shop our online marketplace for instant discounts on energy-saving products. Visit ppllectric.com/marketplace to explore rebates.

Residential equipment rebates are for existing homes and residential rate code customers. See rebate webpage or application for full list of requirements.

Program Overview

ppllectric.com/rebates

Major upgrades that qualify for Comprehensive Retrofit Bonus rebates are shown in bold.

Home Improvement	Rebates	Qualifying Notes
